

Birthing Mats

For supreme comfort and durability, the SoftBirth range of birthing mats are an essential for all birthing environments. The mats come in a variety of sizes and two shape options – rectangular and triangular. We recommend our triangular mats for restricted spaces or secluded corner areas where women may wish to lean against a birth ball or position themselves away from sources of external stimulation.

All our mats are impermeable to fluid ingress, fully sealed at the seams with a high pressure weld and a low-slip base material to ensure minimum slippage once in situ.

Features

- Choice of three tasteful colours – dark purple, dark teal or navy
- Manufactured in the UK
- 12-month warranty
- Low-slip, robust cover materials
- Variety of sizes and shapes
- Meets all requirements for infection control
