

The innovative SoftBirth Birthing Couch Kit has been exclusively designed for rigorous use in active birth environments.

The three interlocking components of the kit include the couch, an integrated stool and kneeling mat.

Birthing Couch Kit at Darent Valley Birth Centre

## *Comfort and Versatility*

In consultation with Midwives across the UK the traditional birthing couch has been revolutionized. The Softbirth Birthing Couch Kit is the simple and stylish way to update any birth environment. The kit seamlessly converts from couch to bed, and enables women to kneel comfortably on the mat whilst leaning into the supportive recess. The addition of a compact stool provides additional flexible seating for the Midwife or birth partner, making the Birthing Couch Kit suitable for even the most restricted of spaces.
