

Birthing Couch Kit

Birthing Couch kit at
Darent Valley Birth Centre

Innovative yet simple, the Birthing Couch Kit has been exclusively designed for Softbirth and comes in 'three' versatile segments that can be moved around to suit the needs of the moment.

The integrated stool pulls out to give comfortable seating for the Midwife or birth partner. The recess created can then be used for the mother to kneel in a supported position. We even include an interlocking kneeling mat for comfort.

When fully assembled the couch becomes a comfortable flat surface for mothers to relax with their newborns. For Midwives this gives easy access for exams and suturing without the need for a bed.

Features

- Choice of three tasteful colours - purple, navy and teal.
- Comes complete with integrated kneeling mat and stool
- Additional memory foam topper available for supreme comfort
- Additional covers available to purchase
- Manufactured in the UK
- Meets all requirements for infection control
- Designed in consultation with Midwives and mothers
